# Syndicate Legal & Financial – Traffic Ticket Defense

## **SYNDICATE LEGAL SERVICES**

*Team of:*  
*Attorneys / Lawyers*  
*Law Clerks*  
*Paralegals*  
*Industry Specialists*

UNLIKE OTHER TRAFFIC TICKET DEFENSE COMPANIES, we do not require for you to appear in a trial de nova (court trial) to get our back guarantee. If your ticket is not reduced by more than our fee of \$99, or gets dismissed, we still honor our money back guarantee.

### Our Specialties:

#### **Speeding Tickets**

While most law enforcement officers are of the utmost integrity as they police our streets, there are others still who use unethical means of targeting law-abiding citizens on the road. Whether police use radar, laser, or pace clock, we know the ins and outs of how the speed of vehicles is measured – and we know when your rights have been violated.

#### **Red Light Cameras**

Over the years, the topic of red light cameras has become hotly contested and many people believe they are unfair and unconstitutional. The Ticket Clinic has been in the middle of it all and our lawyers have been successful in fighting these tickets across the state. Call us for a free consultation.

#### **Stop Sign Tickets**

To be found guilty of a stop sign violation, it must be proven that you failed to come to a complete and total stop at a limit line, crosswalk, or the entrance to the intersection of a railroad crossing. Note that you will also be ticketed if you stop past the limit line or crosswalk, even if it's a complete stop. A guilty plea or verdict means a hefty fine plus a point on your driving record.

Others include: Cell Phone / Texting Ticket Defense, Failure to Signal, Distracted Driving, Reckless Driving, Parking Tickets, Improper Lane Changes, Seat Belt Violations, Passing a Parked School Bus, Hit and Run, and DUI.
